FOR IMMEDIATE RELEASE

MAKITA U.S.A. RELEASES 2021/2022 OUTDOOR POWER EQUIPMENT AND CLEANING SOLUTIONS CATALOGS

New standalone catalogs signal Makita's substantial presence in OPE and cleaning categories

December 15, 2020, La Mirada, CA – Makita U.S.A., Inc., the innovation leader in power tools, outdoor power equipment, and accessories, has released two new just-published catalogs focusing on outdoor power equipment and cleaning solutions for janitorial and facility maintenance. These two new catalogs are available now.

Outdoor Power Equipment Catalog

The new outdoor power equipment catalog includes the world's largest cordless OPE system utilizing 18V lithium-ion batteries. Detailed specifications of Makita's LXT Cordless OPE System, as well as corded, 4-stroke gas, and 2-stroke gas equipment are featured. Viewers will also find previews on select new products including the recently released Connector Series Equipment.

"Makita has over 90 years of chain saw and gas expertise and over 40 years of cordless expertise," said Romique Talton, senior product manager, Makita U.S.A. "This knowledge and experience have been invested into our expanding product offering, and all of it can be found in this new catalog."

The 2021/2022 catalog includes a full range of outdoor power equipment including mowers, blowers, string trimmers, power heads, hedge trimmers, and chainsaws. The catalog also identifies additional accessories available.

For more information on Makita® Outdoor Power Equipment, please visit makitatools.com/RTO or click [here](#) to view and download the catalog.

Cleaning Solutions Catalog

Makita has introduced several new janitorial and facility maintenance products. This catalog features a range of cordless solutions including LXT® Backpack Vacuums, Compact Vacuums, Canister Vacuums, Robotic Vacuums, and Blowers. The recently launched LXT Cordless Upright Vacuum is also highlighted.

"This is a new space for Makita," said Jenny Feng, product manager, Makita U.S.A. "Makita brings cordless expertise to the industry, offering numerous benefits such as lower noise, time savings, cost efficiency, productivity, and faster charge times."

The 2021/2022 catalog further defines these benefits of the LXT Cordless System and details each vacuum and blower available to the cleaning service market.

The Makita® Cleaning Solutions Catalog is available in print or online. Please click [here](#) to view and download the catalog.
