(XSB01) delivers corded
performance with
cordless convenience for
wood and metal
applications.

MAKITA LAUNCHES NEW 18V LXT® BRUSHLESS DETAIL BELT SANDER

January 19, 2021, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools and accessories, is excited to announce the introduction of the 18V LXT® Brushless 3/8" x 21" Detail Belt Sander (XSB01). This belt sander is ideal for use on wood and metal in refinishing and fabrication applications.

The Makita-built brushless motor delivers corded performance with cordless convenience and a belt speed of up to 5,600 ft./min. Three different arm assembly sizes are available for increased versatility in completing a variety of jobs. The XSB01 is also compatible with 1/4" and 1/2" sanding arms. The sanding arm also pivots up to 160-degrees for compact storage. The large 21" belt produces 4-5/16" maximum sanding length for faster work

The XSB01 can be connected to dust extractors/vacuums for a cleaner job site. Other features include an electric brake, variable speed control, and adjustable L.E.D. light.

The belt sander is available in a kit (XSB01TJ) or tool-only version (XSB01Z). For more information, please visit makitatools.com
