FOR IMMEDIATE RELEASE

The 18V LXT® / 12V max CXT® Bluetooth Job Site Charger / Radio lets users listen to music and charge Makita® Batteries.

MAKITA RELEASES NEW 18V LXT® / 12V MAX CXT® BLUETOOTH JOB SITE CHARGER / RADIO

August 17, 2021, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools and accessories, is excited to launch the 18V LXT® / 12V max CXT® Cordless Bluetooth Job Site Charger / Radio, Tool Only (XRM10).

This Makita® Radio charges 18V LXT and 12V max CXT Batteries. An 18V LXT Lithium-Ion 5.0Ah Battery charges in only 80 minutes. Compatible with a 12V max CXT and 18V LXT Lithium-Ion Batteries, this radio provides more flexibility for users.

Listen to music on or off the job site with the new Makita 18V LXT / 12V max CXT Cordless Bluetooth Radio. The radio delivers rich, full stereo sound from two powerful 3.5" side-firing speakers. Users can listen to the digital tuner, a mobile device wirelessly connected via Bluetooth, or an MP3 player via the auxiliary port.

Like previous Makita Radios, XRM10 is durable, designed to withstand harsh jobsite conditions. The radio features a dust- and water-resistant construction (IP64 rated) and elastomer bumpers for increased durability.

Other notable features include a storage space for portable devices and a built-in bottle opener.

18V LXT® System

The new XPH15 is part of Makita's expanding 18V LXT System, which offers 275+ products and is the world's largest cordless tool line-up powered by an 18V lithium-ion slide-style battery. Makita's 18V LXT Lithium-Ion Batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger.
