FOR IMMEDIATE RELEASE

The 18V LXT 1.3 Gallon Sprayer (XSU03) offers mist and jet nozzles that provide spray pressure between 19 and 38 PSI.

Makita Launches New 18V LXT® 1.3 Gallon Sprayer

The cordless sprayer delivers mist or jet spray for various outdoor applications.

December 15, 2021, La Mirada, CA – Makita U.S.A., Inc., the innovation leader in cordless power tool technology and outdoor power equipment, has announced the introduction of the 18V LXT® Cordless 1.3 Gallon Sprayer (XSU03Z). The sprayer delivers mist or jet spray quickly and easily for various applications.

The XSU03Z is ideal for water-based chemicals such as weed killers, fungicides, insecticides, and fertilizers. It can spray up to 90 gallons with one 18V LXT 5.0Ah Battery (sold separately). The adjustable mist and jet nozzles provide pressure between 19 and 38 PSI. The user can select one nozzle head for targeted spraying or two nozzle heads to cover a wider area. The nozzle heads rotate.

The sprayer's handle features lock-on for continuous operation. The telescoping spray wand adjusts from 20" to 27" in length for extended reach and convenient storage. The wand stores on the sprayer for convenient transporting. A shoulder strap provides convenient and comfortable portability.

The sprayer is IP54 rated for weather-resistant construction and features the exclusive Extreme Protection Technology (XPT™), which provides increased dust and water resistance in harsh job site conditions

18V LXT® System

Makita® LXT Cordless System, the world's largest cordless tool system powered by 18V lithium-ion slide-style batteries, takes a user from power tools to outdoor power equipment to get the job done. Makita 18V LXT Batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger.
