## FOR IMMEDIATE RELEASE

*Makita Band Saw Blades are available in a range of TPI configurations for a variety of cutting applications. All band saw blades are available in the 3-pack to offer users more versatility.*

## MAKITA RELEASES NEW BAND SAW BLADE MULTI PACKS FOR INCREASED PRODUCTIVITY

Blades are engineered for quick and clean cuts in a range of metal materials

**May 19, La Mirada, CA** – Makita U.S.A., Inc., manufacturer of high-quality professional tools and accessories, is offering more cutting options for the pro user with bi-metal band saw blades (E-13225, T-05599, T-05608, T-05614) available in new multiple pack configurations. The band saw blades are available in multiple Teeth Per Inch (TPI) offerings for a wide range of cutting applications.

“Makita develops both tools and accessories for the pro user and is excited to offer band saw blades to support the wide array of both cordless and corded band saws,” said Andrew Camp, director of product management, accessories, Makita U.S.A. Inc., “Pro users now have the option to purchase these band saw blades in multiple TPI configurations.”

### Engineered for Quick, Clean Cuts

Makita band saw blades feature bi-metal construction that result in up to three-times longer life than carbon blades. The blades are 44-7/8" long and are ideal for cutting a wide variety of materials including rebar, metal or PVC pipe, threaded rod, and channel. Blades are available in sizes ranging from 10-, 14-, 18-, and 24-TPI. The blades can perform quick, clean cuts in a variety of ferrous and non-ferrous metals.

### Ideal for XGT, LXT, and Corded Band Saws

The new Makita band saw blades are engineered for efficient cutting and are ideal for use with the following Makita portable band saws:

- **40V max XGT® Deep Cut Portable Band Saw (GBP01):** Features constant speed control for optimum performance, and a full 5" x 5" cutting capacity for a range of materials.
- **18V LXT® Cordless Portable Band Saw (XBP02):** Features a Makita-built motor that delivers faster cutting speed with variable speed control (275-530 ft/min) and a 4-3/4" x 4-3/4" cutting capacity.
- **Portable Band Saw (2107FZ):** Equipped with a powerful 6.5 AMP motor, with a 4-3/4" x 4-3/4" cutting capacity.
