Makita U.S.A. continues to expand its Janitorial/Sanitation segment with three new compact vacuums that are all part of the LXT® System.

FOR IMMEDIATE RELEASE

MAKITA RELEASES THREE NEW 18V LXT® CORDLESS COMPACT VACUUMS

Newly released models offer significantly higher cleaning power than previous models

June 15, 2023, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools and accessories continues to expand its Janitorial Sanitation segment with three new compact vacuums that are all part of the LXT® System. The newly released models offer up to 50% more cleaning power than previously offered models. Compact Vacuums are convenient for many uses, including general cleanup, contractor debris mitigation, as well as interim and continuous transportation cleaning applications.

Performance and Productivity

“Makita continues to push the boundaries in the Janitorial Sanitation segment when it comes to performance and productivity,” said Benjamin Alvarado, product manager, janitorial sanitation, Makita U.S.A., Inc. “With more than a 50% increase in the cleaning power of its predecessors, these revamped cordless compact vacs are ready to take on the dirtiest jobs in the toughest environments”.

The following 18V LXT® Compact Vacuums are being launched:

- **XLC09R1B** - 18V LXT® Compact Brushless 4-Speed Vacuum Kit, w/ Push Button (2.0Ah) – Features convenient bagless cloth filtration system that allows for easier cleaning and quicker debris disposal. Kit includes 18V LXT® 2.0Ah Battery (BL1820B), also available as Tool-Only (XLC09ZB)
- **XLC10R1W** - 18V LXT® Compact Brushless 4-Speed Vacuum Kit, w/ Push Button and Dust Bag (2.0Ah) – Features disposable paper or reusable cloth dust bags for added convenience. Kit includes 18V LXT® 2.0Ah Battery (BL1820B), also available as Tool-Only (XLC10ZW)
- **XLC11R1W** - 18V LXT® Compact Brushless Cyclonic 4-Speed Stick Vacuum Kit (2.0Ah) – Features powerful cyclonic action that separates dust particles for 6X longer filter life, with a bagless canister for quick debris disposal. Kit includes 18V LXT® 2.0Ah Battery (BL1820B), also available as Tool-Only (XLC11ZW).

Compact and Cordless

The three new 18V LXT Compact Vacuums allow the user the freedom to clean wherever needed without the hassle of a cord trailing behind them. Ideal for commercial and residential use, Makita offers a range of options for debris disposal and power controls. Makita® Compact Vacuums are compact cordless solutions for fast and efficient cleaning, without compromising on performance.

More Cordless Cleaning Solutions

The new compact vacuums are part of Makita's expanding system of cordless cleaning products that are engineered to reduce labor and increase efficiency. The system includes battery-powered backpack vacuums, compact vacuums, canister vacuums, and industrial robotic vacuums and blowers, as well as an upright vacuum and a full range of accessories.
