### MAKITA EXPANDS CORDLESS OPTIONS WITH NEW 18V LXT® IMPACT WRENCH

Impact Wrench is a cordless solution for pro users in the automotive, installation, and fabrication trades.

**February 14, 2024, La Mirada, CA** – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the 18V LXT® 3-Speed 1/2" Sq. Drive Impact Wrench with Detent Anvil (XWT19), delivering improved fastening control. The new Impact Wrench is an ideal cordless solution for pro users in the automotive, installation, and fabrication trades.

It's the latest addition to Makita's expanding LXT® system. With over 325 compatible tools and products, it's the world's largest cordless tool system powered by 18V lithium ion batteries.

#### Power and Performance

The 3-Speed 1/2" Square Drive Impact Wrench combines extended run time and speed control for unmatched fastening performance. It is powered by a Makita-built brushless motor for longer run time. The brushless motor delivers 780 ft.lbs. of Fastening Torque and 960 ft.lbs. of Nut-Busting Torque.

#### Speed Control Extended, Run Time

The XWT19 features a 3-speed power selection switch (0-900 / 0-1,000 / 0-2,000 RPM & 0-1,800 / 0-2,000 / 0-2,400 IPM) for precise fastening control in a wide range of applications. It is powered by a Makita-built brushless motor for longer run time. The XWT19 features a flexible joint that isolates the battery from the grip to help reduce wear on the battery contacts.

#### Convenience Features

Convenience features include twin L.E.D job lights with preglow and afterglow functions, as well as a rubberized soft grip that provides increased comfort on the job. The XWT19 weighs only 7.5 lbs. with a 5.0 battery for reduced operator fatigue.

#### Extreme Protection

Impact wrenches are used on harsh job site environments, and the new 3-Speed 1/2" Sq. Drive Impact Wrench features Makita's Extreme Protection Technology (XPT™), which is a protective seal inside the

tool. It is designed to improve a tool's operation in harsh conditions by channeling water and dust from key internal components.

### **Makita® LXT® System**

The new 18V LXT® 3-Speed 1/2" Sq. Drive Impact Wrench is part of Makita's expanding LXT® system, the world's largest cordless tool system powered by 18V lithium-ion batteries. Makita 18V LXT® batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger.
