## FOR IMMEDIATE RELEASE

*Makita has released a new 40V max XGT® / 18V LXT® Cordless/Corded Bluetooth® Job Site Speaker that can pair up with 10 other speakers to give users more versatility.*

### MAKITA RELEASES NEW XGT® JOB SITE SPEAKER

Users get rich sound, Bluetooth capabilities, multiple power options, and pairing connectivity to other speakers for more versatility

**October 2, 2024, La Mirada, CA** – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released a new 40V max XGT® / 18V LXT® Lithium-Ion Cordless/Corded Bluetooth® Job Site Speaker (GRM05) that can pair up with 10 other speakers to give users more versatility.

#### Rich Sound and Portability

The GRM05 delivers premium sound to a jobsite, workshop, garage or anywhere needed. It features a 5.5" woofer with a passive radiator and one 1.5" tweeter. The Bluetooth® 5.1 delivers up to 100' range for connectivity throughout the jobsite.

#### Connectability Options

The Job Site Speaker can be wirelessly connected to up to 10 other speakers to extend the quality sound experience throughout a large job site. It offers continuous run time of up to 30 hours using a fully charged 40V max XGT® 2.5Ah battery, and up to 36 hours with a fully charged 18V LXT® 5.0Ah (batteries not included).

#### Convenience Features

Convenience features include a full color LCD Control panel displays Artist, Song and Album titles, allows for intuitive pairing, L.E.D. light control, preset or customized equalizer control, and microphone control. It features a light ring on the front panel with 2 modes - always on or pulsing with the music. The GRM05 features one auxiliary port for MP3 compatibility and one USB port for charging mobile devices. It weighs only 10.1 lbs. with 2.5Ah 40V max XGT® battery (battery not included)
