Makita has released a new 18V LXT® 8" Extendable Articulating Pole Saw (XAU03) that gives pro landscapers another tool to add to their collection of battery-powered outdoor power equipment.

FOR IMMEDIATE RELEASE

MAKITA RELEASES NEW BATTERY POWERED ARTICULATING POLE SAW Landscapers have more options in the XGT® system to go gas free

November 1, 2024, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the new 18V LXT® 8" Extendable Articulating Pole Saw (XAU03) that gives landscapers another tool to add to their collection of battery-powered outdoor power equipment.

Reach Higher Branches

The Articulating Pole Saw features a split shaft that easily adjusts from 6 ft. all the way up to 9 ft. for a reach of up to 14 ft. The added length and easy adjustability give landscaping pros the convenience of pruning and cutting limbs while staying out of the way from falling debris.

Articulating Angles

The XAU03 features 9 angle settings with 120° working range for precision cutting. This wide range of articulation allows landscapers the advantage of an adjustable tool that can make cuts in hard to reach spaces.

Convenience Features

Convenience features include a branch hook, translucent bar oil tank with large opening, and a soft grip handle for improved access to different angles. The Pole Saw features "tool-free" chain adjustment for convenient operation and maintenance, as well as an automatic oiler for continuous bar and chain lubrication with a translucent bar oil tank with large opening for easier refilling.

Makita® LXT® System

The new Articulating Pole Saw is part of Makita's expanding LXT® system, the world's largest cordless tool system powered by 18V Lithium-Ion batteries. Makita 18V LXT® batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger.

Specifications

| Description | 18V LXT® 8" Extendable Articulating Pole Saw (XAU03) |
|-------------|--|
|-------------|--|

| | |
