The new 40V max XGT® 3/8\"/>

FOR IMMEDIATE RELEASE

MAKITA RELEASES NEW 40V MAX XGT® 3/8\"/>

New construction and metalworking tool is an expansion of the XGT® platform

December 9, 2024, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the 40V max XGT® 3/8\"/>

“This Metal Hole Puncher is an important addition to the XGT® System for steel fabricators, iron workers, metal fabricators, plumbers, and HVAC contractors,” said Wayne Hart, sr. communications manager, Makita U.S.A. “Makita has more battery-powered solutions for metal cutting and surfacing, and now the expanding XGT system offers a metal hole puncher for general steel and stainless steel.”

Power and Versatility

The 3/8\"/>

Convenience Features

Convenience features include an ergonomic pistol grip handle with rubberized soft grip provides increased comfort on the job, a built-in L.E.D. light illuminates the work area, a convenient side handle for additional support, as well as an integrated battery charge light indicator allows user to monitor battery charge level.

XGT® Construction and Concrete Tools

The Metal Hole Puncher is part of an expanding range of XGT® tools and equipment that are engineered for demanding applications including concrete, woodworking, general construction, outdoor power equipment, landscape management and more. Recent XGT® tool and equipment releases include the 70 lb. Breaker Hammer (GMH04), the 9\"/>

XGT®: One System of Cordless Equipment and Tools

The new Vacuum is part of Makita XGT®, an expanding system of 40V max and 80V max cordless equipment and tools. XGT® gives users one system, from core handheld tools like drills and impact drivers to equipment-grade products including high-capacity saws, rotary hammers, and power cutters – all powered by 40V max XGT® batteries. The expanding XGT® System will offer 125+ products in 2024.
