## FOR IMMEDIATE RELEASE

*Makita has released two new Impact Wrenches for the XGT® platform including the 4-Speed High-Torque 1/2" Sq. Drive Impact Wrench w/ Friction Ring Anvil (GWT02), and the 40V max XGT® Brushless Cordless 4-Speed High-Torque 1/2" Sq. Drive Impact Wrench Kit w/ Detent Anvil (GWT03).*

## MAKITA RELEASES TWO NEW 40V MAX XGT® IMPACT WRENCHES

New Impact Wrenches combine high torque with precision and speed settings

**January 3, 2025, La Mirada, CA** – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released two new 40V max XGT® Impact Wrenches that feature high torque ratings, with the option of either a friction ring anvil or a detent anvil.

- **GWT02:** The 40V max XGT® 4-Speed High-Torque 1/2" Square Drive Impact Wrench with Friction Ring Anvil delivers full-size power with 1,620 ft.lbs. of Nut-Busting Torque and 1,250 ft.lbs. of Fastening Torque.
- **GWT03:** The 40V max XGT® 4-Speed High-Torque 1/2" Square Drive Impact Wrench with Detent Anvil delivers full-size power with 1,180 ft.lbs. of Nut-Busting Torque and 1,000 ft.lbs. of Fastening Torque.

### Convenience Features

Convenience features include a full speed mode function that reduces trigger pull to reach full speed, as well as dual L.E.D. lights with one below the anvil and one on the tool's foot for added illumination in low light environments. Both the GWT02 and the GWT03 feature a flexible joint that isolates the battery from the grip to help reduce wear on the battery contacts, and a reinforced gear housing engineered for maximum job site durability. It also features a compact length of only 8-3/8"; ideal for working in tight spaces.

### XGT®: One System of Cordless Equipment and Tools

The new Impact Wrenches are part of Makita XGT®, an expanding system of 40V max and 80V max cordless equipment and tools. XGT® gives users one system, from core handheld tools like drills and impact drivers to equipment-grade products including high-capacity saws, rotary hammers, and power cutters – all powered by 40V max XGT® batteries. The expanding XGT® System will offer 125+ products in 2024.
