FOR IMMEDIATE RELEASE

The new Outdoor Adventure™ 18V LXT® Bluetooth® Radio and L.E.D. Lantern (ADRM13) offers users a versatile L.E.D. light and wireless audio source.

NEW 18V LXT® BLUETOOTH RADIO LANTERN BRINGS SOUND AND VISON TO OUTDOOR ADVENTURES

L.E.D. Lantern and Audio Source is Part of the Expanding Outdoor Adventure System

February 23, 2023, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools and accessories, is introducing the new Outdoor Adventure™ 18V LXT® Bluetooth® Radio and L.E.D. Lantern (ADRM13). It offers users a versatile L.E.D. light with multiple modes, as well as a wireless audio source capable of connecting mobile devices via Bluetooth® and has a built-in FM radio.

Outdoor Adventure is a new series of cordless products that operate within the LXT® system. Outdoor Adventure™ products feature advanced technology, delivering maximum performance and efficiency for the outdoors. Makita offers hundreds of products within the 18V LXT® system so you can create your own adventure.

“The Radio Lantern is the perfect centerpiece in any campsite or outdoor setting,” Said Tyler Brown, associate product manager for lifestyle, Makita U.S.A., Inc. “Equipped with Bluetooth® audio, nine programmable FM stations, and four light settings. This versatile tool offers unlimited applications to create your own adventure.”

Light and Sound in the Outdoors

The Outdoor Adventure™ 18V LXT® Bluetooth® Radio and L.E.D. Lantern features four L.E.D. lighting modes: 360° lantern, 3-sided lantern, flashlight, or strobe flashlight. There are two lantern brightness settings from 130 lumens up to 310 lumens. The ADRM13 features three L.E.D. lighting color modes including daylight white, neutral white, and warm white which allows you to set the environment from reading to relaxing. It can provide up to 16 hours of continuous illumination in 360° lantern mode with a 5.0Ah 18V LXT® battery (battery and charger sold separately).

Convenience Features

Convenience features include a foldable metal hang hook and handle with a rubber grip that provide easy transportation or hanging. There is a lantern guard that also functions as an FM antenna. It features water and dust resistant construction for improved operation in outdoor conditions. It weighs only 3.4 lbs. with battery (battery not included) and measures only 11-3/8" long for easy pack-in and pack-out.

18V LXT® System

The LXT® System, the world's largest cordless tool system powered by 18V lithium-ion slide-style batteries, takes a user from power tools to outdoor power equipment to get the job done. Makita purpose-built motors, battery technology, and enhanced communications work together to deliver unmatched power, speed, and run time. With solutions for every trade, users get maximum performance and efficiency with the LXT® System.
