## FOR IMMEDIATE RELEASE

*The new 40V max XGT® 1.3 Gallon HEPA Filter 15" Upright Vacuum (GCV09) has received the CRI Gold Seal of Approval certified by the Carpet and Rug Institute for commercial use.*

## MAKITA RELEASES NEW 40V MAX XGT® 1.3 GALLON UPRIGHT VACUUM

Powerful and portable solution eliminates cords for more efficient cleaning applications

April 17, 2024, La Mirada, CA – Makita U.S.A., Inc., manufacturer of high-quality professional tools, power equipment, and accessories, has released the 40V max XGT® 1.3 Gallon HEPA Filter 15" Upright Vacuum (GCV09) that has received the CRI Gold Seal of Approval certified by the Carpet and Rug Institute for commercial use. The GCV09 features a 15" cleaning path, has a HEPA filter, and offers the user all the benefits of cordless mobility which delivers maximum productivity while covering more space in less time. It's powered by the same 40V max batteries that are compatible with over 125 XGT® equipment and tools.

"The 40V XGT 1.3 Gal. HEPA Filter Upright Vacuum is designed for the demanding environments of commercial use," said Nicole Tougas, product manager, outdoor power equipment, Makita U.S.A., Inc. "The new upright vacuums offer the flexibility of cordless technology with the performance of XGT®. The goal of Makita's Janitorial Sanitation line of tools and equipment is to redefine cleanliness in all spaces, providing a comprehensive, adaptable, and enduring cleaning solution."

### Power and Performance

The 1.3 Gallon Vacuum features a powerful brushless motor that generates 64 CFM of suction power and 60" of water lift. It features a cleaning path of 15" for optimal efficiency and 3-speed power selection (high/medium/low) for efficient operation. The horizontal position can easily be adjusted to clean under furniture. The efficient two-stage HEPA filter captures 99.97% of particulates .3 microns and larger.

### Long Run Time

The GCV09 delivers up to 160 minutes of continuous run time on low setting, and up to 40 minutes on high setting using a fully charged 40V XGT® 8.0Ah battery. The Vacuum features low noise levels of 67 dB(A) on high setting and 57 dB(A) on low setting. It features a 15" cleaning path for increased efficiency.

### Convenience Features

Convenience features include a "tool-less" and easily accessible brush roller for easier removal of hair and clogs, L.E.D. lights in front bumper to illuminate the cleaning path, five height adjustment levels for optimal cleaning on any floor type, and light indicators for dust bag, brush and battery level status. It also features easily reachable adjustments to allow the vacuum to clean under furniture. Attachments are

stored directly on the vacuum for added convenience. It is constructed of high-quality materials for long life.

#### **XGT®: One System of Cordless Equipment and Tools**

The new Vacuum is part of Makita XGT®, an expanding system of 40V max and 80V max cordless equipment and tools. XGT® gives users one system, from core handheld tools like drills and impact drivers to equipment-grade products including high-capacity saws, rotary hammers, and power cutters – all powered by 40V max XGT® batteries. The expanding XGT System will offer 125+ products in 2024.
